PRICE TWO CENTS

## Is This A Gag?

Above are PAT TENEY (left) and BABS FLINT, the two Toronto queens who literally fought it out a week ago for the law school title of "The Girl We Would Most Like to Be Called to the Bar With." Toronto claims it was a publicity stunt...

## Symposium To Argue French-English Faults

"French-English Relations in Canada," a topic centering about the intermingling of the French and English cultures in Canada, will be discussed this evening at a symposium sponsored by the McGill Sociological Society. The meeting is scheduled to commence at 8 p.m., in the Grill Room of the Union.

Mr. Arthur St. Pierre, Director of Social Research and professor in the faculty of the Social Sciences, and Mr. Emile Benoit, professor of economic problems in the Social Science department, both of the University of Montreal, will present the French point of view. Jay Jackson, president of the Sociological Society, will act as chairman.

The English-Canadian aspect for McGill will be offered by Dr. C. A. Dawson, head of the department of Sociology, and Dr. R. B. MacLeod, departmental head of psychology.

Mr. St. Pierre, who is a Fellow of the Royal Canadian Society, has

written 20 books, the most recent of which is "Les Problemes Sociaux". Mr. Benoit is on the editorial board of the French-language newspaper "Le Devoir".

The speakers are expected to concentrate on the problems which result from the impact of French and English cultures upon each other in Canada. They will also inquire into the areas of conflict and mutual misunderstandings, as well as the stereotypes which often result.

"It is only by getting together with French-Canadians and discussing each other's point of view that we can really come to understand each other," stated president Jackson. "In this manner," he pointed out, "we can find the way of accommodation which will serve the well-being of Canada."

This will mark the last meeting of the Sociological Society for the current academic year, and it invites all interested students to attend the symposium.

## Crest Adopted For Arts, Sc. Class Pins

Class pins for Arts and Science, class of '48 will be on order this week, it was announced yesterday by Paul Betts, President of Third Year. Lists will be posted in the Arts Building, and all those who want class pins are asked to sign them before the end of the week.

This year, the Arts and Science Undergraduate Society adopted a new crest as the official emblem of the Faculty's undergraduates; this crest is the basis of all pins, rings, etc. to be used by the Undergraduate Society. The pin for the class of '48 will consist of the crest, with a chain and guard, with the year. In future years, the pin itself will remain unchanged, with only the year varying.

Total cost of the pins will be 97c, which will be payable when they are delivered. It was stressed that both men and women students in Arts and Science will be entitled to wear the pins, although women students will also have Women's Union pins, which were on order earlier in the year.

All those ordering pins will be asked to leave their phone numbers, so that they can be contacted as soon as they are received from the jewellers.

## Yugoslav Life Is Explained To Students

Students travelling to Yugoslavia this summer are receiving informal instruction in the ways and means of life on the other side of the ocean. Weekly meetings are being conducted at which speakers explain to students how people live in the European countries.

With the McGill Daily ceasing publication, Leon Davicho, in charge of the tour, has arranged to post periodical bulletins on the notice board of the McGill Union. All information will appear on this board.

Last Thursday, at the first meeting, Davicho explained to the future travellers the manner in which people live in Yugoslavia. He dealt with the political, religious, and recreational institutions of the Yugoslavs. The next meeting is scheduled for Thursday, March 13, and the notice-board will list the room in which it is to be held.

## Campaign Goes Into Last Day

### Urge All Out Effort For Charities Objective

Final efforts to achieve the \$5,000 objective in the McGill charities campaign take place today, with 5.30 p.m. as the deadline. One whole week of campaigning has resulted in barely 33 per cent of the quota being attained: \$1,721.00 has been collected despite extensive canvassing and publicity stunts. **DAWSON PROCEEDS**

Members of the campaign committee point out that Dawson College has not yet been heard from, but reports indicate that conditions there are in no way more encouraging than those on the McGill campus. A concentrated last-minute drive, therefore, will be made today.

### URGE GREATER EFFORT

Urging canvassers to go all out in their efforts, the committee intends to keep the booth in the McGill Union open from 12 to 2 and from 3 to 5.30 today. All returns are to be handed in at this booth.

### SAVE MCGILL'S FACE

"The only thing that will save McGill from disgrace of failing to reach an objective of one dollar per student," state campaign spokesmen, "is a concentrated, honest effort by all. We call on all students to do their share by contributing if they have not already done so; or by persuading their classmates to do likewise."

The committee has already done everything possible to bring the Drive to the attention of the students. Publicity stunts, such as the masked horsemen, and the barred grill room door, have attracted much attention, but have failed to convince the students of the necessity to contribute.

## Hillel Holds Honours Hop

On May 19th the annual Honors Banquet to be held this year at the Shaar Hashomayim Synagogue, will mark the close of activities at the McGill Hillel Foundation.

The featured event of the evening will be the presentation of Honor awards to students for outstanding effort during the past year and honors keys to those graduate students who have shown active participation in Hillel affairs during their undergraduate years.

Additional highlights of the banquet will include an address by Mr. A. M. Klein as guest speaker, and the installation of new officers. Following the banquet their will be dancing to the music of Sam Shacter's orchestra. Dress for Tickets will go on sale shortly at \$4 per couple and will be obtainable at Hillel House.

## Former Law Prof. to Speak

A former McGill Law professor will address a meeting sponsored by the IRC on March 21 at 1:15 in the McGill Union. He is Professor Humphrey, who is now Director of the Division of Human Rights of the Social and Economic Council of the United Nations.

It will be recalled that the International Relations Club has already presented Dr. Roper of PICAQ, Profs. Mallory, Cohen, and Fieldhouse, and in conjunction with other campus clubs, the Symposium of Peace. At the last meeting Mrs. Eleanor Roosevelt addressed McGill students.

Following Professor Humphrey by a week will be the address of Mr. Lester Pearson, of the Department of External Affairs.

## IUS Affiliation Looms: Election Meet Decisive

### Faculty Fireside Tries Quizz Show

An "Information Please" quizz was featured by the Dawson Faculty Fireside last Sunday night. The "Brain Trust," consisting of Drs. Hatcher, Marshall, Luker and Mr. Falle, stood up for a couple of hours against a battery of questions ranging from "How many statues are there on the outside of the St. James Cathedral, and what do they represent?" to "What is an aerodyne?"

A few of the questions stumped even the experts, but these exceptions were very few, and only helped to prove the fact that though one man cannot know everything, four might.

The evening was arranged by Mrs. Johnson, faculty hostess for the evening. She was assisted by Mrs. Wilson, Mrs. Scott and Mrs. Bjorklund. Counsellor E. C. Knowles acted as master of ceremonies.

## Men, Women Spring Camp SCM Theme

"God, Men and Women," will be the main theme of the SCM Spring Camp this year. As the title suggests, Christian relationships between men and women, from adolescence to the conjugal or single status of later life, will be studied.

Morning talks on this topic will be given by S.-L. J. D. Parks, and elaborated upon in evening discussions by experts in the fields of psychology and sociology.

Post-examinations relaxation being the aim of the Camp organizers, these activities are only a part of a general plan which also includes sports and communal recreation of a social nature.

To last from May 10th to 17th, the camp this year will be on the shores of Lake Okauchwan, seven miles from Ste. Marguerite, and all McGill men are invited. Total expenses for the week have been estimated at \$15.00. Further information can be obtained at the SCM House, 3574 University street, phone number PL. 1156.

## Georgiantics Opens Thurs.

The revival of the annual Sir George Williams College musical revue after five years of war-time retirement will take place with the presentation of Georgiantics '47 at His Majesty's Theatre on Thursday, Friday and Saturday, March 27th, 28th and 29th.

An all-student production, with a cast of over one hundred, Georgiantics '47 is being designed to present a new and different style of performance in the realm of S.G.W.C. musical revues.

Seat vouchers are now on sale at C. W. Lindsay & Co., 1112 St. Catherine, near Peel; Willis & Co., 1220 St. Catherine, at Drummond, and The Mary Beeties School of Dancing, 4956 Decarie Blvd., near Snowdon.

Election of officers to the McGill N.F.C.U.S. will be one of the main items of business at the general meeting of N.F.C.U.S. tonight at 5 p.m. in the Union Grill Room. The positions of vice-president and recording secretary are open for nominations while those of corresponding secretary and publicity director need ratification by the general body of members.

The question as to whether N.F.C.U.S. should affiliate with I.U.S. (the International Union of Students) will be an important item of business. The executive committee, after careful examination, have completed a report on the I.U.S. constitution and this report will be read by Bill Noble, Chairman of the Committee on International Relations.

Marcel Joyal, Chairman of McGill N.F.C.U.S., commenting on the report, said: "We are very anxious to see N.F.C.U.S. affiliate with I.U.S., but we must be sure that such an affiliation will not endanger the democratic principles upon which N.F.C.U.S. is based. Chairman Joyal added: "It is very important that a large number of members attend the general meeting tonight."

### Economists to Hear Professor Vineberg

Professor Phillip F. Vineberg will be the guest speaker at the final meeting of the Political Economy Club on Thursday, March 13, at 8.00 p.m. in the Union Grill Room. Professor Vineberg will speak on "Economics and the War-time Prices and Trade Board."

The speaker will attempt to relate economic theory to the existing institutional framework of our government. Professor Vineberg is graduate of this University, and also spent a year studying in France and is noted for his clear and concise lectures as well as his fine speaking voice.

The meeting will bring to a close the activities of the Political Economy club, one of the oldest clubs on the campus, for the present year and will see the election of the officers for the next year.

### Dawson Voting Begins Thursday, March 20

Dawson polls will be open from 10 a.m. to 4 p.m. on Thursday, March 20th, when votes will be cast for the election of representatives on the Dawson Students' Executive. Four p.m. March 10th marks the deadline for the nominations of candidates. The candidates' platforms and photographs are to be handed to the secretary, Mr. Hilliard, and will not be considered after 4 p.m. on Thursday the 13th. Finally, all the candidates who have complied with these rules will outline their platforms to voters at a meeting to be held in T2 at 7 p.m., Monday, March 17th.

### Eighth Army Battles Afrika Corps Film Soc.

The final programs of the Film Society will take place at 5 o'clock this afternoon and 8.15 this evening when the documentary film "Desert Victory" will be featured. As usual the showings will be held in Room 250 of the Biology Building.

The film portrays actual combat scenes during the epic struggle of Montgomery's Eighth Army and Rommel's Afrika Corps in the African phase of the recent war. With "The True Glory" it ranks as one of the best war pictures made by Allied Combat cameramen.

The evening program is being conducted to accommodate the large number of students who have indicated their desire to see this picture and thus prevent overcrowding at either time.

## "Dear Ruth" Curtain Up Wed. at 8:15

On Wednesday night at 8.30 p.m. in the Union Ballroom the curtain will go up on "Dear Ruth," the Players' Club's major production of this year. The names of the patrons have been announced, and on the list are included Dr. and Mrs. F. Cyril James, Mr. T. H. Matthews, Dr. Muriel Roscoe, Dr. and Mrs. R. D. MacLennan, Dean and Mrs. D. L. Thompson, Dean and Mrs. C. S. Lemesurier, Dean and Mrs. J. J. O'Neil, and others.

"Dear Ruth" is a comedy in two acts by Norman Krashinsky which is being produced by the Club by permission of the Dramatists Play '13, at 8.00 p.m. in the Union Grill Room. The play is the fourth which has been produced this year by the Club. The other three were short one-act plays chosen mainly to give experience to those who have not acted or directed previously. The cast of "Dear Ruth," however, consists of experienced players from such notable dramatic associations as the M.R.T., the Cathedral Players and the Trinity Players. The director, Mr. Jack Pinguey, is well-known in amateur dramatics throughout the United States and Canada, and is at present the Vice-President of the Cathedral Players.

Because of certain difficulties, the Club was unable to obtain Moyse Hall this year, and it was necessary to erect a new stage in the Ballroom of the Union.

## Davicho, Henley, MacKay Candidates For Arts, Science SEC Representative

Elections are called for the post of Arts and Science representative on the SEC, due to the departure for England, on a Rhodes Scholarship, of the present representative, Jim Patterson. Three of the original six candidates have withdrawn their nominations, leaving as contestants Leo Davicho, Joy MacKay, and Betty Ann Henley. Voters are Arts and Science students both on the Dawson campus and at the Sherbrooke St. branch.

The outstanding points in Leo

## Al Tunis Appointed New Editor-in-Chief At Daily Banquet

## Buck, Wolfe Named Managing Board: New Staff Announced

The appointment of Al Tunis, former Assistant News Editor, as Editor-in-Chief of the McGill Daily for the 1947-48 session was announced last night at the annual Daily banquet by retiring Editor-in-Chief Allan Knight. The other two appointees to the Managing Board of the Daily were Thomas Buck, former News Editor, who becomes the new Managing Editor, replacing Herb Shayne, and Norman Wolfe, who remains a Sports Editor. Pero Tallman, last year's City Editor, will be the Feature Editor, succeeding Althea McCoy while Keith Tishaw moves from a desk editorship to the post of News Editor.

Betty Brewer will be the new head of the CUP Bureau, replacing Glenna Lymburner, with the latter moving into the position of Chief Staff Writer in the News Department. Dusty Vineberg becomes the Art, Music and Drama Editor, a position held last year by Lya Popper, while Perc Tannenbaum replaces Larry Sirota as Chief Staff Writer in the Sports Department.

Bernard Dufresne moves into the post of Assistant News Editor from a desk editor's position in sports, while Conrad Shatner replaces Perc Tallman as City Editor. Two appointees were made for the Assistant Sports Editor's job, Marvyn Shiller and Gerald Finkelstein, both of whom were desk editors in Sports last year. They replace David Marks who was Assistant Sports Editor for the 1946-47 season.

## McGill Bureau Starts Soon

It is announced that the McGill Placement Bureau is soon to open its doors for business. This service is a joint effort of the Graduates' Society and the University, and it is intended to consolidate the various placement services now available to Undergraduates in the University.

Early in the new year, advertisements appeared in a number of Canadian daily newspapers for a Director of the Service. It is hoped to be able to announce the name of the Director within the next two weeks.

The Service is designed essentially to fulfill three purposes:

1. To find part-time and summer employment for Undergraduates.
2. To find first jobs for Graduates immediately upon Graduation.
3. To find jobs for Graduates who seek a change of work.

The set-up of the organization is very complete, presided over by a main Board under the Chairmanship of Mr. G. F. Benson, Jr., President of the Canada Starch Company Limited, on which are representatives of the University, the Graduates' Society and the McGill Associates.

Jack Siskind takes over from Dusty Vineberg as Assistant Features Editor while Betty Sigler replaces Toby Palker as Women's News Editor. Goldie Wolofsky becomes Assistant Women's News Editor, after being a desk editor in news last year. Elizabeth Turner-Bone remains as Women's Sports Editor while Bob Usher takes over from Hy Pearl as Dawson Editor.

Four new desk editors were announced for the News Department, all of them rising from the status of Senior Reporter with George Powell, Sam Chandler, Ced O'Donnell, and Grant Roberts being the new appointees. John Featherstonhaugh retains his position as desk editor for the second year. In the Sports Department, Alec MacIntyre, Bernie Cooper, Tony Duncan and Hy Pearl become desk editors with Lawrence Garmale, who holds the position for the second year.

Emphasizing The Daily's determination to provide more stories of a human interest variety, Paul Betts, Peggy Benjamin, Tom Bird, Muriel Clarke, John Elder, Ken Harrison, Mary Lieber, Joan Morrison, Judy Taylor and Barbara Rosen were appointed staff writers in news while Andy Hugesson, Dick Joseph, Harold Pugash, Ross Brougham, Jack Leslie, Bernie Davis, and Sid Feldman will hold the same position in the Sports Department. In addition, the importance of inter-university coverage has been stressed with the addition of four staff writers to the CUP bureau—Al Gold, Jean Pouliot, Lee Short, Sheila Callan.

Joan MacKay, stressing the necessity for the elected candidate to have a great deal of time to devote to the discharge of his or her duties, holds that she has all the necessary time at her disposal to look after the problems which face the Arts and Science representative on the SEC. This candidate further bases her claims to the post on the previous experience

## LOYONNET

The great French pianist Loyonnet presented a series of Beethoven Sonata recitals at the Salle Gesu. To say that his recitals were a musical and artistic success is a gross understatement. His performances of the sonata Op. 53 and 57, the "Waldstein" and the "Appassionata," will undoubtedly rank as the musical event of the season.

M. Loyonnet introduced each selection with a few introductory remarks explaining his inimitable interpretation of these great works. He described Beethoven as a great man troubled by a terrible affliction, but who was great enough not to allow these sorrows to appear outwardly. This was the basis for his intellectual rather than highly emotional interpretation of the "Appassionata." The "Waldstein" sonata received a very interesting performance. M. Loyonnet presented it as the "Aurora" sonata and analyzed the music carefully to prove his point. While one may not agree with the particular interpretation one must respect the sincerity of the artist's convictions. The playing was exquisite.

In his playing of the later sonatas M. Loyonnet did not convince. One might have preferred more depth of feeling, more heaven storming, but to say the least it was more than adequate.

This reporter looks forward with great impatience to M. Loyonnet's coming recital at His Majesty's. It will indeed be more than just another concert.

## Ashley and Aron say

# THANKS!!

TO Althea McCoy, Features Editor, for artistic advice and aspirin.

TO Dusty Vineberg, Asst. Features Editor, for laughing.

TO Lya Popper, Art, Music, and Drama Editor, for laughing artistically, musically, and dramatically.

TO The rest of the Daily.

TO The Gazette typesetters who have set 60 feet, 7 1/2 inches (27,540 words) of Ashley and Aron—with best wishes for a speedy recovery.

TO The 30 odd (and they certainly were) people to whom we dedicated Terse Verses and

TO Eight other people, one of whom is YOU.

## At the Movies

The Time, the Place and the Girl  
at the Palace

If we take several well-known song-hits, some attractive dancing specialties and add a dash of plot we get the above tempting dish of light entertainment. Besides such popular numbers as "Gal in Calico" and "Oh, But I Do," the comedy angle is capably handled by Jack Carson and Janis Paige, while the more romantic element features Martha Vickers and Dennis Morgan.

Willie.

Love Laughs at Andy Hardy  
at the Capitol

Since the end of the year is a good time for "winding things up" we are definitely pleased to wind up the Hardy series with the above film. The routine of these films is faithfully followed to the bitter end—Judge Hardy dispensing homely platitudes (Andy falling in and out of love with every beautiful girl to hit Carvel, and Fay Holden as the doting "maw").

Gallant Bess  
at the Princess

Calling all love-lorn swains! Your troubles are over for now the thing to do is to adopt an affectionate mare—yes a horse (female). Wend your way to the Princess and find out how chummy it can be. Moreover there is not one girl (ordinary kind) to horn in. Marshall Thompson plays the lucky man Tex and the picture is Technicolor.

Willie's mother-in-law.

Singin' in the Corn  
up Bleury

There may be Singin' in the Corn but there is also plenty of Corn in the Singin'.

Willie Jr. (aged 4 mos.)

Cinema de Paris

"Le Pere Tranquil," this week's showing at the Cinema de Paris is a film worth seeing. It is the story of life in an average town in France during the Nazi occupation. But don't expect a swashbuckling thriller or you'll be disappointed, for this is just what the film is not. It has its moments of suspense, but on the whole the expert characterization is what gives the picture its appeal. The story revolves around the everyday life of a family with its humorous ups and downs, and top acting honours go to Noel-Noel for his portrayal of the quiet father, whom none suspects of being a hero of the resistance movement. If you are interested in seeing genuine people portrayed on the screen, drop in at the Cinema de Paris this week for a couple of hours excellent entertainment.—H. K. and J. M.

## No I seek not to search the sky for what I failed

A. J. FRISCH

No, I seek not to search the sky for what I failed To find on earth, though often I confine my verse To passive clouds, and to an unintelligible universe. Through many winds, on many oceans have I sailed, If I no longer pawn the stars to please swift Comets, nor deceive the suns with man's embezzled drift

Into a course that curses and consoles, forgive me. Here have I found all earth can offer, deeds and dreams

Yet though I cannot see quite what they seek, it seems, That it is more than they can give. But this I see; That in this hand I hold a pen, and that this pen And I must find a little of the sky in men.

A. K.

## COTC Tries New Training Programme

The McGill Contingent of the C.O.T.C. has announced that 100 applicants have been selected to undergo a three month training period this summer, at Corps schools of the Canadian Army (Active Force). The course will encompass general military knowledge, and the technical training necessary for an officer in the particular Corps for which the cadet has shown preference.

Upon completion of the summer course, if successful, the majority of these men will become qualified 2nd Lieuts. (Reserve Force), while 23 others, who have had considerable previous experience, will be granted the King's Commission in the rank of Lieutenant.

Training has been carried on during this term for the candidates. At Dawson it was limited to a series of addresses open to all students and designed to assist prospective applicants in selecting the corps most suitable to them. At McGill, students attended a winter course on military science conducted at the Sir Arthur Currie Memorial Gymnasium - Armory each Monday evening.

The course during the term is of a purely academic nature as the new plan is to give all practical training to officer candidates at the corps schools in the summer.

The new post-war officer training program, which came into effect only this year, was generally welcomed as a great forward step in officer training. It was a radical departure, however, from anything practised in the C.O.T.C. before and there was at first a little apprehension as to its possible effect on the Contingent at McGill. Now, however, the universal feeling of officers and student candidates alike is that the disappearance of uniform, drill and the other outward signs of military training on parade nights is more than offset by the more progressive methods and the higher standard of instruction which is being carried on.

## The Budapest String Quartet

Last night a Montreal audience had the unique pleasure of hearing a superbly performed program of chamber music. The artists were the world-renowned Budapest String Quartet. Each one of its members is a virtuoso in his own right, yet each suited his talents perfectly to the necessities of the group, producing a faultless blending of the four instruments.

The program opened with the Beethoven quartet Opus 18 No. 2 in G major. An early work, it is still suggestive of the dynamic qualities of the later Beethoven. The excellence of the interpretation was particularly evident in the Adagio. The highlight of the evening was the Debussy quartet in G minor. Very difficult to perform, this work is both dramatic and impressionistically lyrical. The program closed with the Smetana quartet in E minor "From My Life," which was lamentably unworthy of the talents of the performers. The Polka was reminiscent of Cafe music and the Largo was melodramatic.

Dominion Concerts are to be complimented on bringing these great musicians to Montreal.

D. N.

## Red and White Revue

The producer and production staff of the Red and White Revue, 1948, would appreciate any, and all, submissions of material for the forthcoming show. Anyone who believes that he, or she, has a skit, some music, a plot, a production sequence, or anything that might help the formation of the show should present this material to George, at the Union, addressed to the Red and White Revue.

So far, the various types of show material that have been submitted have been of the first order. Several original skits, and some excellent music, is now being prepared for the winter show.

All material submitted to the Revue should bear the name of the person submitting it, and should also indicate some means of communication with this person. This enables credits to get to the right places.

## LOST

In Union one black fountain pen Friday. Finder please return to Faye Rodriguez, TA. 8367 or leave in Walter's office.

## LETTER FORUM

Dear Sir:

In reading the various criticisms of my political comment on the controversy between the Quebec Censor Board and the French Ambassador, in which I had tried to expose the existing conditions in this province, I find that most of the critics recognize the need for a change, but are either indifferent or are afraid to face the truth. We, the progressive elements, are not only fighting reaction but also apathy.

I will not try to answer in kind the rather poor and distasteful attempts of personal sarcasm on me; I am very disappointed that my "friends" have utilized all this space in criticizing my comment and have not seen fit to suggest one constructive idea towards eradicating the existing deplorable conditions regarding the material and moral welfare of the people of this province.

I, herein, present the following suggestions which are, in the main, in line with the demands which The Federation of Labor Youth has presented to the provincial government through its delegation to Quebec last week.

1) Vocational.  
An additional two years high school should be made compulsory and free of charge for everybody in this province, and proper guidance by QUALIFIED PEOPLE, as regard to what trades and courses are suited and available for those who cannot go to university.

2) RECREATIONAL.  
There should be a program of construction of recreational centres such as, playgrounds, open air swimming pools, etc, and formation of various other social and physical fitness clubs all financed by grants, from the federal and provincial governments, to municipalities. This would promote better understanding between Canadians as a whole. Today the poorer youth envies his richer neighbours and is contented to dream about the many paradises of the wealthy class children. This can be best illustrated by comparing The City of Westmount with the working class districts of Montreal.

Higher WAGES.  
The present minimum wage of (appx.) 0.26¢ an hour is outrageous to say the least. Recent survey conducted by several trade unions of Quebec recommends a minimum wage of not less than 0.65¢ per hour. This would help to remedy malnutrition and improve the material welfare of the working class of this province, which is so badly exploited by large monopolies such as mining, shoes and clothing industries to say nothing of the DOMINION TEXTILE CO. LARGE AND NOTORIOUS SWEAT SHOPS. It would also put into

practice the progressive people's theory that a healthy body produces a healthy mind, and therefore a sharp decrease in juvenile delinquency is bound to follow.

Finally, I urge my "controversial friends", to pay particular attention to the above mentioned suggestions, which I had to limit for lack of space, and perhaps add some of their own, which they think may contribute towards PROGRESS. Having done that, they should feel that they have helped to emancipate Quebec and acted in a mature fashion as should any intelligent and responsible student.

CAMILLE F. DIONNE,  
Arts I.

3539 Grey Ave.,  
Montreal,  
March 10, 1947.

Dear Sir,

Through the medium of the Daily, I would like to thank all those who signed my nomination for the Vice-Presidency of the Commerce Undergraduate Society, and who voted for me in the recent elections.

I wish also, to extend my congratulations to Ted Blake, and to assure him and the rest of the new executive of my best wishes for their success during the coming year.

Yours very truly,  
ERIC BARRY.

ISA  
MERCURY  
YEAR!

Girls, they're here!  
SLIMMIES by MERCURY

Not a Girdle...  
Not just a  
Pantie...  
Not even a  
Pantie-Girdle...  
Something  
entirely  
New!

THEY'RE all the rage in New York... in Hollywood... with all the gay young Junior Misses 'cross the border. And now Mercury Mills are making them for Canadian girls—these luscious, light-as-foam SLIMMIES!

They're skin-tight little affairs—functionally designed to give you a smooooth line... yet keep you free as a cloud!

- S-t-r-e-t-c-h-y!—Slimmies are knit snug-tight to give you that bit of control that even young figures need—then stretch to slide you in!
- For sports!—Slimmies are perfect for you to wear under shorts, under slacks, under all play-clothes!
- Pure rib-knit NYLON—in pure snowy-white and soft, pastel pink!
- And how these SLIMMIES wear!—ordinary nylon wears like iron and this is heavy nylon... twice as strong, twice as long-wearing!

Don't waste a day!—SLIMMIES are at your lingerie or department store right now! Get 'em!—wear 'em!—love 'em!

Among the well-dressed... it's

# Track Team Faces America's Best at Forum - March 24th

The McGill track team will be competing against the tops in North American track and field men at the Canadian Legion meet at the Montreal Forum on Monday, March 24. This will provide the best opportunity to see how the best Canadian men will stack up against men such as Gil Dodds.

The Red combo will be led by such men as the Dominion half-mile champion, Andy Gillespie, Dick Pennefather, Monroe, Paul Fenton from the Sherbrooke street branch and Pete Robinson from Dawson College. Versatile Andy Gillespie, who at the A.A.U. meet in Boston, was clocked at 53.2 seconds in the quarter mile.

## RELAY TEAM

This is virtually the same team that brought the Canadian Inter-collegiate track trophy back from Toronto. Hugh Borsman's boys will be pointing to retain their record as one of the better mile relay teams. Since last spring they have only lost one of their races although

in time at the Beantown meet they ended up ninth, after winning their section race. McGill beat such hot teams at this meet as Yale and Harvard.

This meet will be the greatest indoor track competition that has ever hit this city. Montreal is one of the few cities of over a million population that does not sponsor a winter meet.

At present the centre of Canadian track activity is the Hamilton, Windsor and London triangle with this city's entries hampered by poor coaching and training facilities. The Legion meet is a step in the right direction to popularize the sport in this area and build up a reserve of young track stars up the ladder.

## Red Shorts

by Lisa

What have we done with the year? This question must be simmering in our minds as the year's activities draw to a close. What have we done with it? That is for each of us to answer individually.

Those who have participated in the athletic program will probably agree that our goal has been partly realized. Through participation in sports, we have developed an enthusiastic college spirit.

Those who have let the year slip by without doing anything worthwhile are no doubt regretting this apathy and resolving to do some-

## Speed Merchant

That's DICK PENNYFATHER, one of the important cogs on the McGill relay team that will be out to retain its laurels at the Montreal Forum come March 24.

thing about it. At least we hope they are!

## ATHLETIC SETUP

However, part of a good athletics setup is the executive which backs it. In Peggy Ann Macfarlane we have an enthusiastic president. But she cannot carry the burden alone. She depends on good managers to assist her in her job. This is where the responsibility goes back to each of us. At the semi-annual meeting of the MWSAA on March 18th a slate of managers, drawn up by the Council from nominations submitted by the clubs will be presented to the meeting. Nominations will be called for from the floor but it is hoped that grave consideration will be given the matter so that coeds will not put up their friends just to give them prestige.

A manager's job is not an easy one. The person chosen should have executive ability and interest in the sport, but does not necessarily have to be a team member or an expert. This is especially true for basketball and swimming managers. Give the matter some thought and turn out to voice your opinions at the meeting. Its a date!

While all the intersection results have not been compiled, it looks as though section D is on top. This hard-fighting, hard-hitting section deserves a lot of praise for their enthusiastic response to competition.

The swimming meet has not yet been completed. There will be a period on Wednesday night at the Community pool for those who wish to swim for time for their section.

Speaking of swimming, the coeds travelled out to MacDonald College over the weekend and literally swam off with all the honours.

## MAC BEATEN

Mac certainly had a tough weekend as their archerettes also bowed to their hosts in the red and white. Starring on the home squad was Betty Watt with 182 points. Closely on her heels was Silver Arrow winner, Marion Wiens with 166 points. Iva Trenholm sparked the visiting team gaining 148 points for them. The final team score was McGill 960, MacDonald 742.

Climaxing the year's activities will be the Annual Banquet on March 27th in the R.V.C. cafeteria at 7.00 p.m. Award winners will be charged 50c and others 75c. Tickets will be on sale shortly and it is hoped that there will be a large attendance.

In concluding this last column of the year, I would like to assure my readers, few though they be, that I have enjoyed keeping them posted about what is new around here. I would especially like to thank Barbara Watson for her assistance and the club managers for their co-operation in giving me the gen. Farewell all!

—LIS.

# sports 'n stuff...

—by NORM WOLFE

Seeing that this is the final regular edition of the McGill Daily for the year 1946-1947, it seems that we have to write a column. Why this unhappy state of affairs exists we do not know. But there definitely is a tradition that the Sports Editor expounds in the 99th issue each year... So we are now in the process of expounding... To let you in on a little secret, we have not yet decided on what subject or subjects we are going to write, but stick around a while and you'll probably become involved in the intricacies of Wolfe's thinking processes... A most undesirable fate...

It has just dawned on us how this regrettable tradition of a column in the last issue originated... It so happens that this time of the year, all the major sports have wound up their schedules and their isn't much left to write about... So comes the last edition and Cub Reporter X37542 approaches the S.E. and informs him that he has to write a column to fill space... For no other reason, mind you... He doesn't want you to inform anybody about anything he doesn't want you to criticize anything, he doesn't want you to try and be humorous; he just wants you to fill space...

Well we have just noticed that we have written 180 words without saying anything, so why quit when we're winning... On second thought we realize that we have a few things that we want to say, so we shall proceed to do exactly that...

We want to thank a few people... A very original idea for a farewell column...

We want to thank all those faithful readers of the sports page for the thousands of letters that have poured in congratulating this department for the swell job we've done this year... It really makes our hearts swell with pride when we know that you appreciated our humble efforts... (The above statement was issued by the Agency for the Spreading of the Rumor that the McGill Daily Sports Department is appreciated by McGill Students)...

We want to thank all those hard-working publicity men of the various sports for their aid in making our work easier this season... It was indeed a pleasure to be associated with so many amiable gentlemen; fellows who were so easily convinced that the Daily really had no room to run their guff, and blithely went their cheerful way after gently massaging our physiognomy with a broken beer bottle...

We personally want to thank all the members of the industrious Sports Staff... Your willingness to pass up all lectures and studies to travel to Toronto first class for the honour of the McGill Daily was greatly appreciated... So were the padded expense accounts... But seriously, we really do want to—ah, to heck with this, the mugs know we appreciate them...

We want to thank all the coaches of the various sports, and the Athletics Office for the co-operation they've given us throughout the past year...

We want to thank all those thin-skinned people out at Dawson for getting so excited when we made a few rabble-rousing remarks... But honest fellas, we're not as bad as all that... And we hope Dawson realizes that we have no more territorial demands...

We want to thank the Football Probe Committee for recommending that McGill get a full-time football coach... At least now we're on equal footing with the other schools as far as that department is concerned...

Well anyone who has survived so far has probably realized by now that we don't intend to say anything of import in this column, and since we've accomplished our original purpose—namely, filling space, we shall now sign off... But not before we wish everyone the best of luck in the forthcoming examination—may you all get what we've had plenty of this year—lots of Marks! (For the uninitiated, that is a pun—if you don't believe me, read the masthead...)

## Plumbers Beat Westmount to Phys. Eds. in Hockey Game

The opening game in the finals of the current Interfaculty hockey championship was played yesterday noon in the Forum. It was the first of a two game total point series, the second of which will be played today.

The Plumbers trounced their brethren in Phys. Ed. by the one sided score of 10-4, and were never seriously threatened in the rough game. The game was fast throughout the three fifteen minute periods, and from the opening counter in the first frame, it was evident that the slide rule boys were the masters of the situation. Phys. Ed. drew the only penalty of the game, although there was room for more of the same.

The memory of the late Russ McConnell, rated the greatest hockey player ever to come out of McGill, is to be perpetuated by the Westmount High Old Boys' Association, Russ' former high school, in the form of a trophy to be donated for annual competition between the high school team and a team made up of graduates of the school.

The game this year is scheduled to take place on Thursday, March 13th at the Forum starting at 4 o'clock with the Old Boys' team featuring several McGill names in their line-up. In goals will be Wally Markman, one of the assistant coaches of McGill's rugby squad last year while Babe Thompson, of the McGill Senior puck crew will

(Continued on Page 4.)

## McGill Gliding Association Calls Meeting in Union Ballroom Mon.

The coming meeting arranged by the McGill University Gliding Club for March 17 at 8:00 p.m. in the Union Ballroom has a double purpose. It will be aimed at giving anyone who may care to come an opportunity to learn all about the sport, and at encouraging undergrads to join.

Gliding as a sport is frequently misunderstood, and for this reason a question forum has been arranged. During this period people competent to give the answers will be present and prepared to respond to any queries from the audience. Other features of the evening will be films on gliding in England and Europe, and talks on important aspects of the sport.

Following a very successful year of gliding operations carried out in

1946, when 916 flights were made at the airfield at Dawson College and 11 student pilots gained International certificates, members feel that the Gliding Club has proven itself. These operations were carried out without accident or injury to any pilot in the club.

This year for the first time in history the undergraduates of one Canadian University have challenged those of another to a gliding and soaring contest. McGill has received this challenge from the undergraduate members of the Queen's Gliding Club. The McGill club is eager to be ably represented in this meet, which will be held at Kingston in conjunction with the first Canadian National Gliding and Soaring Competition.

## Hep Chick

COACH VIC OBECK is showing his hep to the jive as he has begun training sessions to prepare his squad for the football schedule this fall.

## Coach Obeck Calls Practice Today at 5

In anticipation of knocking off all and sundry who may have any championship endeavors next fall, Coach Obeck, newly appointed grid mentor of Ye Old Alma Mater, will meet the prospective gridmen for a second time this afternoon at 5 p.m. in the gym.

## SPEED WANTED

In the first such encounter held last Thursday, Obeck was rather emphatic on the point of speed as a requisite to any man gaining a position on his squad. For as he said: "I don't care how big or strong you are, if you can't show any speed, we don't want you on our big team."

In an effort to develop the necessary speed, Obeck plans to outline a course in calisthenics for the hopefuls to follow beginning around the first of August next. That is, at home, Sir! "And I'll be able to tell which fellows have made an effort to get into condition, when scrimmaging starts," says the Coach.

The fact that being in condition was an absolute necessity to properly compete in the heavy schedule set for next fall, was emphasized by the Coach, for the difference between a winning and a losing team is dependent on pre-season conditioning to a great extent.

## PRACTICE TODAY

While Obeck said that it would be desirable for everyone to attend both practices, being held today and tomorrow, he continued that it was merely for convenience purposes that two sessions were being held weekly—that is, to accommodate all students who cannot make one of the sessions due to lectures.

In signing off for the year (as far as The Daily is concerned) we might start off on a new slogan for the next football season—"Let's beat Western," and show Obeck that we really have the fighting spirit and will to win, which are so necessary for a championship outfit.

## WANTED

Ride west as far as possible sometime in May. Will share expenses. Davida Griffin, Ha. 9771.

## Rowing Club Announces Policy For Spring, Summer Session

Ralph Forbes, the manager of the McGill Rowing Club, has announced a policy for the coming season which will give all those who wish to row, but are unable to take part in National or International competition the opportunity of participating actively in club activities.

## DIFFERENT CATEGORIES

He has stated that all those who turn out for rowing on May 8th, will divide themselves into two categories, A and B. Category A will be made up of those who will enter into National and International competition, and as such will follow the regular training schedule. Category B will consist of the men who are interested in rowing primarily as a sport rather than as an athletic endeavor, and their activities are listed below.

1. The B's will be instructed in rowing and the use of the boats.
2. They will be encouraged to form crews in either the four or

Te Quiero

One of the more passionate love scenes from "La Puebla de las Mujeres," comedy feature of the Spanish Fiesta to be presented by the Club Hispanico in the Auditorium of the Montreal High School Tuesday, March 25, at 8 p.m.

“La Puebla de Las Mujeres”  
Feature of Spanish Fiesta

Described by its producer as the “only Spanish variety show in Canada,” the Spanish Fiesta of ‘47 will be presented by McGill students in the Auditorium of Montreal High School Tuesday, March 25, at 8 p.m.

Three minute comedy skits, Spanish part songs, costume dances, the fiery Mexican dance “El Jarabe,” danced to clucking castanets, and classical Spanish pieces make up the first part of the program.

The two act comedy, “La Puebla de Las Mujeres,” The Village of

Women, forms the second part of the program. This play by Her-manos Alvarez Quintero deals with a small town in Andalusia, Spain, and the excitement caused by the arrival of a somewhat young amorous big city lawyer. This town has more than its fair share of gossiping women, and the lawyer is soon mixed up with most of the local youth and beauty.

Information about tickets and other details will appear in posters around the campus.

ObecktoSpeak  
At Big “E”  
Banquet Wed.

Tickets for the Engineering Athletics Banquet are on sale today from the class executives for the nominal sum of 50c. The Banquet has been arranged by the executive of the E.U.S. in order to give recognition to those engineers who have taken time from their studies to play for the intercollegiate, interfaculty or interclass teams.

The engineers who have qualified for “Big E,” the engineering athletic award, will be guests. The Big E is awarded on a point basis for participation in the various classes of sports. George Schneider, the Athletics Manager, is in charge of compiling the points and has announced that approximately 40 awards are due to be presented.

The Banquet will be held in the Union Grill Room, Wed., Mar. 12th, starting at 6:30 p.m. The feature of the evening will be a talk by Vic Obeck, McGill’s new football coach. He has expressed a willingness to meet with as many athletes as possible, and has welcomed this opportunity to speak to the engineers.

Club News

HISTORICAL SOCIETY

On the evening of March 28th the McGill Historical Society will hold its annual banquet in the Queen’s Hotel. This year the banquet is of especial significance, being the fiftieth anniversary of the founding of the Society, the oldest on the campus.

Mr. ‘Mike’ Pearson of the Department of External Affairs will be the guest speaker, this in itself assures everyone of a very interesting evening.

Tickets for the banquet may be obtained from members of the executive.

There will also be a combined meeting of the McGill and R.V.C. Historical Societies on March 19th at 8 p.m. in the R.V.C. Common Room. This meeting is being held under the auspices of the R.V.C. Historical Society. Professor Kimble of the Geography Department will speak on the effect of geography on history. This will prove of interest to all history scholars.

MCGILL LIBERAL CLUB

“Government of Canada” Group The group went to Ottawa last Friday, had lunch with Hon. Brooke Claxton, Minister of National Defence and Honorary President of the Liberal Club, met Rt. Hon. Louis St. Laurent, Minister of External Affairs, saw parliament in session, and were shown the film, “Exercise Muskox.”

Tonight the group will meet in the home of Estelle Deschamps, 156 Maplewood, Outremont, CA. 5315. Students who would like to join the group can do so by notifying Miss Deschamps. The topic will be “The Privy Council judicial decisions.” Roger Carriere will present the case defending the Judicial Committee of the Privy Council, and John Chipman, chairman, will oppose it.

S.C.M.

Report of Relief Committee. About 225 students have responded to our one-cent-per-day drive and contributed regularly. Donations were received (\$22.50). All these contributions made it possible for us to send 20 packages to 7 different families in Hungary and Czechoslovakia and we hope to send 15 more during March and April.

The letters of thanks we received reveal a real need and at the same time a great joy at the discovery that people in distant Canada are willing to help people in Europe. “We appreciate your kindness not only because your package is a real help but because it is the best proof that sympathy, understanding and love is not only a word.” The committee has also tried to promote the idea of relief among different Young People’s groups and some of these are now doing relief work of their own. We would like to thank very cordially all the students who by their contributions or their canvassing work helped us to carry out this scheme. (Receipts will soon be issued). To those who have not yet contributed we say: It is still time.

In addition, Ian Hellyer and Gordie McNeil, both of them former McGill hockeyists will perform for the Old Boys, who will be under the direction of G. P. Smith.

The Chinese use paper models of shoes, clothes and other things in their memorial ceremonies.

PROGRESSIVE CONSERVATIVE CLUB

All members are reminded of the election meeting today in the Union Music Room. The names of

the candidates nominated for the various posts on the executive were announced in Monday’s Daily and the time is one o’clock.

All those intending to make the Ottawa trip are reminded to let Lauri Hutchison know of their intention if they have not already done so, in order that he may make the necessary arrangements.

MCGILL ROWING CLUB

The manager of the McGill Rowing Club, Ralph Forbes, has stated that due to the proximity of exams, all organized practices on the rowing machines in the field house will be discontinued. It is emphasized, however, that all oarsmen who wish to be free to use the machines at any time they want to during the week. It is expected that Saturdays will see the usual large turnout.

I.V.C.F.

Dr. Stanford Reid of the History Department will be the speaker at luncheon on Thursday, March 13th, at 1.00. There is a list at Student House which those wishing to come should sign. If it is full bring your own lunch or come at 1.30.

Bill Steeper will be the speaker at the next Hymn-Sing on Sunday evening, March 23rd, at 9.00. All students are welcome.

M.O.C.

There is to be a General Meeting of the M.O.C. today at 5 p.m. in the R.V.C. Common Room. This

meeting is open to everyone and, as important business is to be discussed, it is important that a large number of people attend.

POLITICAL SCIENCE CLUB

An important meeting — the final one, at which the executive for next year will be elected — will take place tomorrow Wednesday at 1 p.m. in the Music Room. All members are asked to be sure to attend, so that a good executive will take over next year.

NEWMAN CLUB

A meeting of the Newman Club will take place next Sunday, March 16, at the Convent of the Sacred Heart, 10 a.m.

Since this is the last meeting of the year, all members are urged to attend.

LA SOCIETE FRANCAISE

The last meeting of the French Society for the year will take place at 5 p.m., Thursday, March 27, in the Common Room of R.V.C. There will be a guest speaker and the election of an executive for 1947-48 will be held. Under the revision of the constitution this year, the executive has been enlarged and a greater representation of men has been ensured. It is hoped that as many students as possible will be present to take part in these elections. The name of the guest speaker will be announced later.

Students from all faculties are welcome, and are free to bring their friends. Refreshments will be served at the close of the meeting.

SPANISH CLUB

All members, Spanish students, guests and friends are invited to

the FIESTA 1947, to be held in the Montreal High School Auditorium on March 25, at 8 p.m.

10 Spanish, 2 male students are urgently required for a skit. Volunteers should apply to Leon Davicho before Thursday, by phoning him at EX 2633.

GERMAN CLUB

The next meeting will be Tuesday, March 18, at 8 p.m. in the Union Grill Room. Beside the usual program of games, songs and refreshments, German movies will be shown.

The last meeting of the session will be Tuesday, April 1, at 8 p.m. in the Union Grill Room and will offer a special surprise. Besides, next year’s executive will be elected.

This is the last Daily, so remember the dates and be sure to come, we assure you, you’ll have a wonderful time.

NOTICE

Two male arts students, who intend travelling out west after exams are over, desire to do so by car and are willing to share expenses and driving. Will any body interested please contact

Tony Holmes at EL. 4060 or Jeff Turner at LA. 5265.

THE STEEL WORKER  
THE NICKEL WORKER  
depend on each other

\* Charging one of the grinding mills with steel rods in the Nickel plant at Copper Cliff.

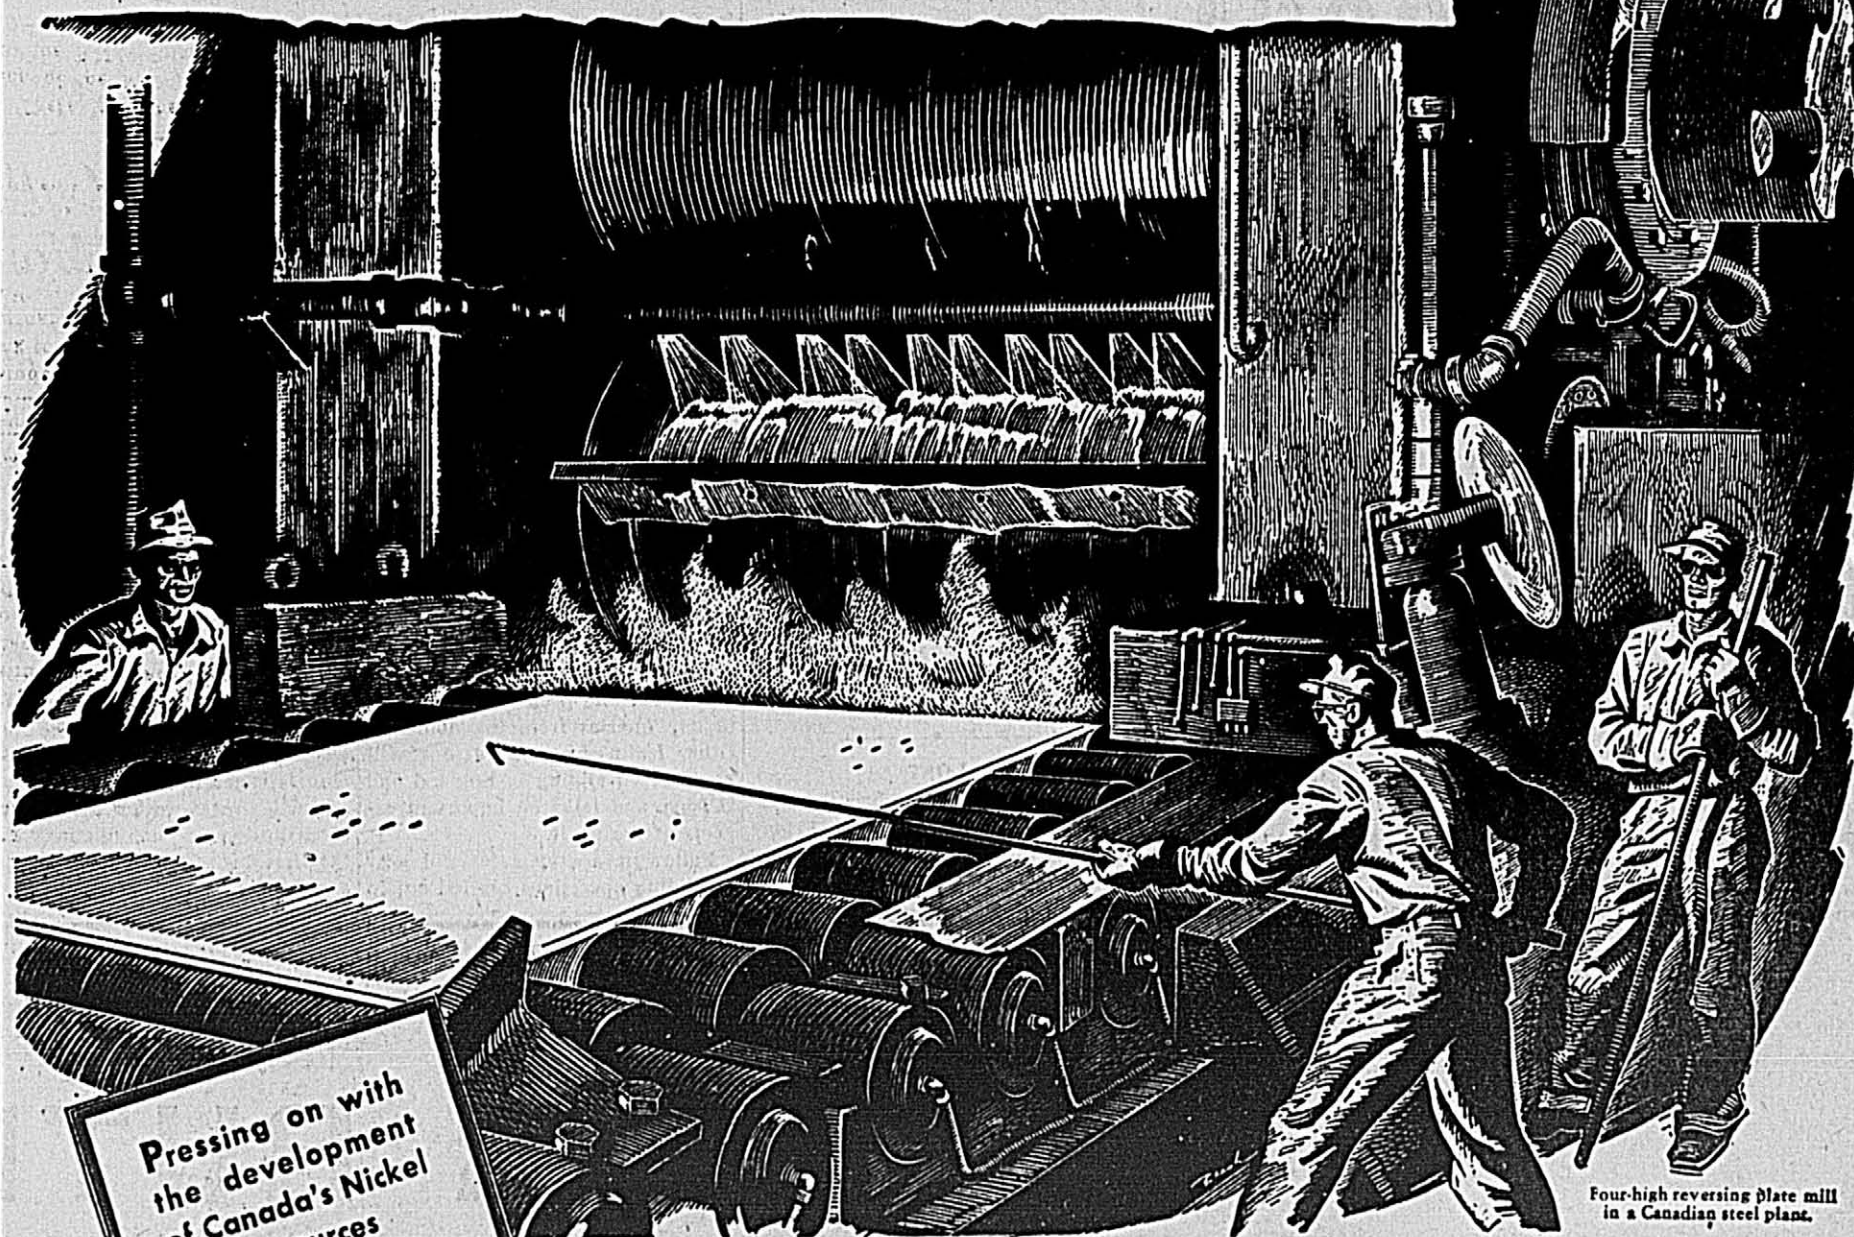

IN ONE YEAR more than 10,000 tons of steel rods were worn out in grinding the hard, abrasive ore from the Canadian Nickel mines. More than 13,000 tons of structural steel were used for repair work. The Canadian Nickel industry also used 1000 tons of steel pipe, 5000 tons of iron and steel castings, 775 tons of roll shells, 150 tons of welding rods.

And in the massive equipment used in steel production, Nickel is used to give strength and toughness to metal parts, and to give them the

ability to stand up under intense heat. About six tons of Nickel, for instance, went into the rolls, gears, shafts and other parts of the plate mill illustrated here.

So the Canadian Nickel worker produces Nickel for the steel industry; the steel worker produces the steel the Canadian Nickel industry must have. Each and every industry in this country creates employment in other industries. No matter how we earn a living, we are all one family, each depending on the others.

CANADIAN NICKEL

TEMPORARY QUARTERS OF  
ADMINISTRATION OFFICES

During the week of March 17th, the Administrative Offices of the University will be moved from the East Wing to the temporary quarters that they are to occupy while alterations to the present building are being made.

The Purchasing Department goes to Room 42, on the first floor of the Workman Building; the Extension Department to 3466 University, sharing premises with the Graduates’ Society; the Arctic Institute to the ground floor of the Medical Museum, in the Medical Building.

All the other offices, including those of the Principal and Vice-Chancellor, the Secretary and Bursar, the Chief Accountant, the Accounting Staff and cashiers, the Registrar, and the University Mail Room will be located in Duggan House, 3636 McTavish Street, at the corner of Pine Avenue.

This move will be completed by Monday, March 24th, and the offices will remain in these locations until the end of the summer.
